E EVALUATIONS HE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE. NOTE FOREGOING EXPLANATION

SOURCE: Anti-Communicat Japenese writer (F); from contacts on the Yaniuri Shimben (F).

Appraised of fortent: 3.

- 1. Within the Veniuri Shinbun, SHORIKI Hatsutero maintains contact not only with desk chiefs but also with individual reporters, and he sometimes personally selects the reporter for a specific assignment. SHORIKI reads the Yaniuri every day, and when an article appears which is at variance with his own opinions, he demands the mass of the writer and personally upbraids him for not following the paper's editorial line. SHORIKI's general intermediary in originating mitarials is TAKAHASHI.
- 2. The executives and desk chiefs of Yesturi spend an inordinate execut of time currying fever with SKORIKI, being feerful of lesing their jobs. For example, SKORIKI is scheduled to take a trip on 14 June 1956, and the entire news stuff of the newspaper is occupied in attempting to determine his itinerary so that they can arrange with acquaintances along SHORIKI's route to perform services for him.
 - 1. Rield Lourent. Possibly TAKAHASHI Yusei, an advisor to Youluri.
